Flower Station

Fulfill your floral dreams

The Exquisite Style

by flowerstation.co.uk

A very elegant theme, ideal for couples looking for wedding flower arrangements to suit their garden / outdoor wedding. Our professional florists at Flower Station have managed to create a natural look that complements the green scenery outdoors. At the same time, the flowers in this wedding theme give a sense of royalty combined with beautiful flute vases.

The wedding table floral designs include large-headed white hydrangea mixed beautifully with luxury white and sweet avalanche roses and lisianthus.

The White Style

by flowerstation.co.uk

Pure and simple wedding floral arrangements composed of a mixture of luxury white flowers - phalaenopsis orchids, scented stocks, white avalanche roses and lisianthus. These floral designs will perfectly match your formal indoor settings (salons, clubs, etc), arranged in different size and height white vases. The flowers do not vie for attention, nor do they compete with the other objects for dominance.

The table centerpieces fill the space to create a sense of layering and texture. Some of the roses are raised towards eye-level, drawing the guests to view the hanging buds of the orchids.

The Calm Style

by flowerstation.co.uk

As its name suggests, the Calm Style wedding theme is for wedding couples looking to pull off an easy, laid-back vibe to their wedding. Our wedding florists will combine large focal table arrangements with smaller ones in different glassware (bowls on pedestals, glass urns and bud vases).

Our wedding team infused a sense of delicacy and bridal grace creating a serene setting mixing gypsophila with garden roses, and other seasonal blooms.

The Tropical Style

by flowerstation.co.uk

Our tropical wedding theme will definitely achieve a wow factor on your wedding day. Suitable for boho-theme or beach weddings, this tropical flower design will fill the atmosphere with vibrant colors and freshness.

The wedding table centerpieces include birds of paradise, protea and dahlia with leaves and petals bursting from the rustic vases.

The Slick Style

by flowerstation.co.uk

Our flower arrangements for this theme feature the elegant Calla Lily as the main character. Using its tall signature shape and its lovely green stems, our wedding florists create show-stopping high table centerpieces.

Our wedding florists arranged the Calla lilies in tall cylinder vases to create simple yet classic table arrangements but with a modern twist, adding a touch of steel grass. We can also create a bridal bouquet with our fresh calla lilies to make a statement walking down the aisle.

Pedestals & Urns

Elevate your wedding to new heights with our flower pedestals and urns that fit today's trends in wedding floral design. Choose from rustic to industrial, of from concrete to gold designs to complete the theme of your wedding.
